1. USMEPCOM Regulation 715-3, dated 1 Oct 95, paragraph 4b(7) is changed to read:

4b(7) Providing the Contracting officer the name of the MEPS First Sergeant for designation as the Contracting Officer's Representative (COR), and designate the Medical Section NCOIC/Supervisory Health Technician as the Quality Assurance Evaluator (QAE) to monitor the meals and lodging and noon meals contracts.

2. The above pen and ink changes will be made to USMEPCOM Regulation 715-3, and a copy of this message will be attached to the regulation.

3. This change will be effective when your MEPS' meals and lodging and noon meal contracts are transferred to the Fort Knox contracting office. The MEPS Commander will forward the name of the First Sergeant to the Fort Knox contracting office, for designation as COR, when the meals and lodging and noon meal contracts are awarded by, or transferred to, Fort Knox.

4. This change is directed to provide a consistent MEPS point of contact for meals and lodging, and to establish a target audience for training the designated COR's.
